

Calculating your UC/CSU GPA:

The following is a step-by-step process to calculate the UC/CSU GPA. In order to accurately do this, you will need a copy of your transcript and this worksheet. If you would prefer, there is a calculator available on csumentor.edu

STEP #1

Count the number of grades (total As, total Bs, total Cs, etc) received in all UC approved a-g courses you took in the 10th & 11th grades. All the grades added together in the Step 1 column becomes the **Total # of Grades**. Enter that number in the chart below.

Tips to Remember:

- 9th grade grades DO NOT count
- ONLY count “a-g” courses – No PE, Athletics, Seminars, etc (only courses w/a “P,H or AP”)
- If you received Ds and Fs as grades, they can be replaced in the GPA only when you retake the **exact same course** otherwise Ds and Fs must be included when you are calculating the GPA.

STEP #2

Multiply each number of grades by the corresponding grade points. (As =10 X4=40) Once you have done this, add the Step 2 Column together to reach the **Total Grade Points**.

STEP #3

Count the Total Number of UC approved AP & Honors (*Honors Pre-Calculus*) and transferable Community College courses in 10th & 11th grades. Only count those with a grade of C or better; Ds and Fs cannot receive the extra point. Enter the **# of AP, Honors & CC** in the chart below under **Step #3**.

STEP #4

Add the **Total Grade Points (Step #2)** to the **Total of AP, Honors, and CC Semesters (Step #3)**. This is the **Grand Point Total (Step #4)**.

STEP #5

Divide Column 4 by Column 1. The UC/CSU includes *all* grades after the 9th grade. This means grades received in the summer after 9th grade through the summer after 11th grade count. Approved Honors, AP & transferable Community College courses are given an extra GPA point.

GPA Calculation Chart

STEP 1: # of Courses by Grade earned	STEP 2: # of Grade Points	STEP 3: # of AP, Honors & CC courses	STEP 4: Grand Point Total	STEP 5: Divide Grand Point Total by Total courses
# As =	X 4 =	Enter total # of AP, Honors & CC courses below. <i>Only add up to 8 extra points.</i>	Add columns 2 and 3 for Grand Point Total and enter below.	Divide column 4 by column 1 and enter below. This is your UC/CSU GPA
# Bs =	X 3 =			
# Cs =	X 2 =			
# Ds =	X 1 =			
# Fs =	X 0 =			
Total # of Grades:	Total Grade Points:		Step 2 + Step 3=
